Federationist INDEX 1976

HOW TO USE INDEX

In the master index on the next two pages, articles are listed alphabetically by title and are numbered consecutively. The cross-index by author or subject on this page refers to the number of the article in the master index.

Example: Arbitration, 3

No. 3 in the master index will give the title, page and month for the article on the subject of arbitration. Thus No. 3 on the master index shows "Arbitration: Updating a Vital Process," page 1, November.
